

Appln. No. 09/913,621  
Amendment dated April 28, 2004

**Amendments to the Specification:**

Please replace on page 6, paragraph 6 as follows:

“Dispersity (D)”, as used herein, shall mean the ratio of ~~weight~~  
~~molecular average weight~~ weight average molecular weight (Mw) to number  
molecular average weight (Mn), (Mw/Mn). Preferred dispersities values are of no  
more than 6, more preferably 4 or less. Dispersity is also referred to as molecular  
weight distribution.
